Welcome Message

Warm greetings from the “Society for Education and Research on Snoring and Sleep Apnoea”!

It gives us great pleasure to officially announce the ‘Calcutta Sleep Workshop 2024’ to be held on 20th & 21st July 2024 at AIIMS, Kalyani campus.

There is a rapid progress in the field of sleep apnoea treatment worldwide in last few years. The new developments are not confined to a single branch of medical fraternity and sleep medicine is now a completely independent sub-speciality globally.

Hands-on training is a big gap everywhere in the field of obstructive sleep apnoea management. Residents and consultants both miss out on practical hands on training, in terms of OSA surgery, sleep endoscopy practical hands-on training in OT as it is not included in the current curriculum.

The purpose of ‘Calcutta Sleep Workshop 2024’ is to update students, fellows and consultants on the latest developments in the field of obstructive sleep apnoea management and impart confidence in handling such patients.

We are glad to announce that this conference format will be the first of its kind in Eastern India. The Scientific program is power packed and stalwarts from all over the country will be joining us for this academic feast.

We are expecting to see you all ‘Sleep lovers’ who will be upholding this branch in future.

Warm Regards

All India Institute of Medical Sciences (AIIMS) Kalyani was officially approved, under the Pradhan Mantri Swasthya Suraksha Yojana (PMSSY), by Union Cabinet on October 07, 2015. The Institute was approved to be established over a span of 179.82-acre land on National Highway – 34 around 50 km from Kolkata, in the village of Basantapur, near Kalyani, District Nadia, West Bengal.

The Institute was established by the Central Government in exercise of the powers conferred by the proviso to sub-section (1) of Section 3 of the All India Institutes of Medical Sciences Act, 1956 (25 of 1956) as per Ministry of Health and Family Welfare notification dated 24th January, 2018.

AIIMS Kalyani is an Institute of National Importance set up with the aim to address imbalances at three levels – regional, specialties, and ratio of medical doctors to nurses and other healthcare professionals. It intends to develop patterns of teaching in undergraduate and postgraduate medical education in all its branches so as to demonstrate a high standard of medical education to all medical colleges and other allied institutions in India.
